the influence of the french psychoanalyst jacques lacan has extended into nearly every field of the humanities and social sciences from literature and film studies to anthropology and social work yet lacan s major text *ecrits* continues to

perplex and even baffle its readers in reading lacan jane gallop offers a novel approach to lacan s work based on his own theories of language lacan locates truth in the letter rather than in the spirit in the ways statements are expressed rather than in their intended meaning gallop here grapples with six of lacan s essays from *ecrits* the seminar on the purloined letter the mirror stage the freudian thing the agency of the letter in the unconscious the signification of the phallus and the subversion of the subject while other commentators have chosen not to confront lacan s notoriously problematic style in their discussions of his ideas gallop addresses herself directly to the problem and the practice of reading lacan she takes her direction from lacan s view of subjectivity and offers a deeply personal feminist reading of *ecrits* concentrating on the relation of desire and interpretation she opens up the rich implications of lacan s thought for psychoanalytic theory for the act of reading and for knowledge itself forceful and revealing yet utterly candid about its own areas of uncertainty gallop s book will be indispensable to readers of lacan and to scholars and students who have felt his impact

a byzantine chronicle is a retelling of history usually beginning with the creation of the world written in simple language and enriched by colourful anecdotes or tantalizing details on political intrigues though extremely popular in the middle

ages these texts were long disregarded by scholars due to their historical unreliability and lack of originality now however they are increasingly appreciated for the insights they provide into byzantine ideology and the complex interaction of reading and writing in byzantium this volume highlights and contributes to the radical re evaluation of this long neglected genre of medieval literature contributors are raimondo tocci william adler thomas m banchich albrecht berger richard w burgess john burke réka forrai christian gastgeber martin hinterberger marek jankowiak ralph johannes lilie athanasios markopoulos mischa meier federico montinaro diether roderich reinsch fabian schulz roger scott paul tuffin staffan wahlgren and varvara zharkaya

originally published in 1981 verbal deficit theories try to account for differential educational attainments in linguistic terms suggesting that children reach varying levels of success in school as a result of their ability or inability to express themselves and relate this to social class this critique considers such theories especially in the form propounded by bernstein primarily from a sociolinguistic viewpoint but with special attention to the historical and educational context behind the theories it claims that verbal deficit theories are not only unscientific and non linguistic but are educationally damaging as well and proposes instead a linguistic difference theory
